

# MODEL 35

## The Original Cleanroom Friendly Vacuum Sealer

*The Model 35 features our cleanroom friendly design with isolated exhaust port, stationary vacuum nozzle and no moving parts to generate particles.*

### MODEL 35

For over a decade, the Accu-Seal 35 Vacuum Sealer has become the time-tested industry standard for table top Vacuum Sealing or Gas-Vacuum Sealing. This is particularly true in the demanding electronics Cleanroom environments for which they were designed.

### LEAD THE FIELD

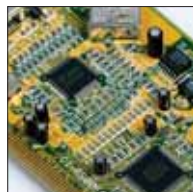

Accu-Seal leads the field of table top Vacuum Sealers. We were first to combine cleanroom friendly venturi vacuum generators and a clean exterior design with our exclusive independent vacuum and heat seal jaw design. This maintains consistent vacuum levels and leak proof seals over a longer productive life.

### EXCEPTIONAL VALUE

Superior design, advanced manufacturing techniques, quality testing, and our two year warranty - typical of the engineering excellence built into every Accu-Seal machine.

### SOLUTIONS

The perfect solution for packaging products that are moisture and oxygen sensitive.

VACUUM SEALER

MODEL 35

VACUUM ACCU-SEALER

**CLEANROOM FEATURES**

- Non-Particle Generating Venturi Vacuum System
- Clean Design (To Class 100)

**BUILT-IN FEATURES**

- 10 Second Adjustable Electronic Gas Timer (Gas/Vac Model)
- 60 Second Adjustable Electronic Vacuum Timer
- 10 Second Adjustable Electronic Heat Timer
- 60 Second Adjustable Electronic Cool Timer
- Electronic Foot Switch Activator: Can also be used to extend or override vacuum timer
- Jaw-Closed/Heat-Only Safety Circuit
- Operating Mode Switch:
  - Gas-Vacuum-Seal Sequence (Gas/Vac Model)
  - Vacuum-Seal Sequence
  - Seal Only
- Gas Pressure Regulator and Gauge (Gas/Vac Model)
- Vacuum Gauge

**SPECIFICATIONS**

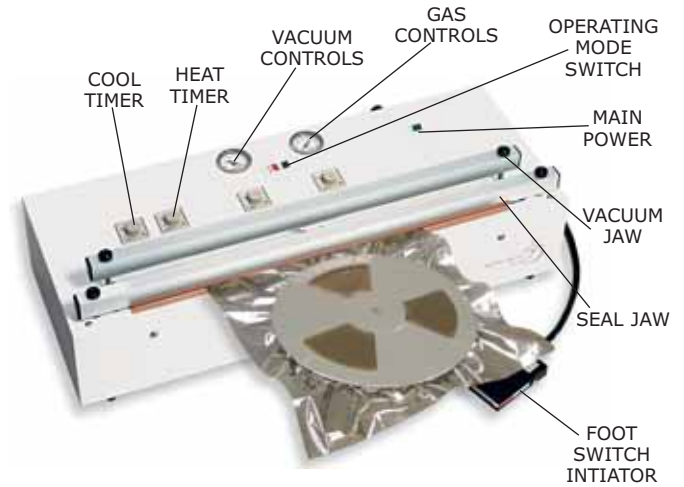

- Seal Lengths: 20", 25", 30" and 35"
- Seal Width: 1/4" Standard
  - Other Widths & Styles Available
- Vacuum Pressure: Up to 26 in Hg Standard
- Suction Flow: Up to 4.8 CFM (1.4 Standard)
- Requirements:
  - Power: 120 Vac, 7 Amps (20"),
  - Air: 1.0 CFM @ 80 PSI
- Size: Length - Seal Length +5.5"  
Width: 9.5"  
Height: 8.5"
- Approximate Weight: 26-40 lbs.

**FACTORY OPTIONS & ACCESSORIES**

- Gas Purge System
- 220 Vac Conversion
- CE
- Product Support Tray
- Ergonomic Multi-Position Accu-Seal Stand
- Standard Industrial Air Compressor
- Ultra-Quiet Lab / Office Compressor
- Portable Accu-Sealer Cart

**MOISTURE INSURANCE**

The Accu-Seal 35 helps insure the integrity of your products. When used with a heat sealable, electrostatic safe (ESD), moisture vapor barrier bag with desiccant and humidity indicator card, it provides the maximum protection against moisture and oxygen contamination.

**TWO-YEAR LIMITED WARRANTY**

The Accu-Seal Model 35 was designed, built, and tested to give years of reliable, trouble free service.

OPTIONAL PORTABLE ACCU-SEALER CART (SHOWN W/INDUSTRIAL COMPRESSOR)

OPTIONAL ERGONOMIC MULTI-POSITION ACCU-SEAL STAND (SHOWN W/ MODEL 635-232)

OPTIONAL ULTRA-QUIET LAB/OFFICE COMPRESSOR
