

Table Top Impulse Sealer Model PT

The pneumatically operated PT table top impulse sealer features a rugged design and an attention to detail that will produce secure, consistent seals time after time. Provided with independent heat and cool timers, the PT also features an electric foot pedal switch.

Standard features include:

- 3/16" wide by 20" seal element in bottom jaw. This meets the sealing needs of a wide variety of bag materials.
- Electronic timers for seal and cool. Time increments are 0.2 seconds, giving maximum time of 3 seconds each.
- Cycle is started by foot pedal on flexible cord.

Options available:

- Stainless steel construction
- Bi-active seal jaws
- Stand (painted steel)
- Work shelf

Specifications:

- Seal Width: 3/16"
- Seal Length: 20", 25", 30"
- Dimensions: 23" to 33" W x 8" H x 15 3/4" D

Unit requires 115 volt electric and 90 – 120 PSI compressed air.
